Report on Continuous Internal Assessment

Our parent university i.e. University of Mumbai has revised the entire curriculum and evaluation system in the year 2016-17. Previously, the internal assessment has been given 40% weightage in the curriculum however, now it is restricted only for one course in first and second year of undergraduate programmes and 40% weightage for internal assessment is kept as it is for postgraduate programmes i.e. M.A. and M.Com. in our college.

The examination committee had taken into consideration the slots reserved for internal evaluation and prepared and displayed the timetable well in advance. Due care was taken that the students and the quality of education would not suffer in any case. All semester-end examination and internal evaluation tests, assignments, projects, etc. were satisfactorily completed and results were declared within the time frame.

During the year 2023-24, Continuous Internal Evaluation (CIE) is done in the following forms. Assignments, Class tests and projects are accepted online and evaluated offline

Form of CIE	Marks out of 100	Class	Base Courses
Assignment	25	F.Y.B.A – I and II	Foundation Course
Assignment	25	F.Y.B.Com. – I and II	Foundation Course
