Waste Management- Degradable and Non-Degradable

Solid Waste management –

The college gives priority to keep the campus clean and ecofriendly. It instructs the staff and students to reduce waste to maximum possible extent. The students are instructed to deposit waste in separate bins kept at various places on the college campus. The solid waste, not useful for composting, is disposed off every morning to the garbage carriers of the Gram Panchayat. In order to create awareness about clean campus and waste management among the students, programmes such as poster competition and street plays are organized.

Liquid Waste Management

Drinking water facility is arranged in every corner of buildings of the campus. Waste water from toilets and washrooms is properly drained out through the underground drainage systems using natural slopes of the campus.

E-waste management

E-waste such as condemned batteries and damaged computers is disposed off by handing them for safe disposal to outside agencies or with the help of Rotaract Club of Roha Central, Raigad.
